

REGULAR MONTHLY MEETING

PLACE: SENIOR CITIZEN CENTER, 119 NORTH MAIN STREET, LIBERTY, NY 12754

DATE: February 21, 2024

TIME: 6:30 P.M.

FRANK DEMAYO, SUPERVISOR

LAURIE DUTCHER, TOWN CLERK DEAN FARRAND, COUNCILMEMBER VINCENT MCPHILLIPS, COUNCILMEMBER JOHN LENNON, COUNCILMEMBER SHERRI KAVLESKI, COUNCILMEMBER

PLEDGE OF ALLEGIANCE

JOINT MEETING 6:30 p.m. -7:00 p.m.

The purpose of this Joint Meeting is to discuss the organization and planning for a review and update of the 2008 Liberty Joint Comprehensive Plan.

CORRESPONDENCE

INCOMING:

- 1. 2023 Investment Report from the Finance Director.
- Correspondence from the Liberty Fire Department listing the activated fire alarms in the Town and Village.

OUTGOING:

1. Correspondence sent by Supervisor DeMayo regarding the IUP Amendment Comment.

NEW BUSINESS

- 1. Motion to approve the following minutes:
 - Public Hearing 1/3/24
 - Dept. Head/Worksession Mtg. 1/3/24
 - Regular Monthly Mtg. 1/17/24
 - Dept. Head/Worksession Mtg. 2/5/24
- 2. Motion to approve the following monthly reports:
 - Town Clerk's Report 1/24
 - Tax Collector's Report 1/24
 - Revenue & Expense Report 1/24
 - Supervisor's Report 1/24
- 3. Motion to approve the following audit:

- January, 2024 Post Audit Claims #107 to #137 totaling \$252,102.29.
- February, 2024 Abstract Claims #138 to #303 totaling \$625,708.65.
- January, 2024 General Ledger Abstract Claims #1 to #35 totaling \$1,452,317.89.
- Motion to approve voucher for Tweedie Construction, LLC in the amount of \$33,570.50 for construction services for White Sulphur Springs Phase 10-2023.
- 5. Motion to award bid for the Sherwood Roth Booster Pump Replacement.
- 6. Motion to approve Pro-Housing Communities Resolution.
- 7. Motion for Supervisor to execute Memorandum of Understanding with Cornell Cooperative Extension Sullivan County Creating Healthy Schools and Communities and Town of Liberty.

DISCUSSION

OLD BUSINESS

UNDER REVIEW

- 1. Drilled wells with a yield of less than 5 GPM.
- 2. Training & Recommendations policy- Planning & Zoning
- 3. Shipping Containers
- 4. Fence In/Fence Out
- 5. AIRBNB
- 6. Solar
- 7. County Water / Sewer Study.

IN PROGRESS

- 1. Converting and moving the Building Department and the Assessor's Office to the Park & Recreation Building.
- 2. Fines
- 3. Empty Lot in Parksville
- 4. Illegal dumping of garbage
- 5. Delaware Town/Village Water Sewer Study
- 6. Lead Service Line Inventory
- 7. Walnut Mt. Pavillion.

DATE: February 21, 2024

TO: Supervisor DeMayo and Town Board Members

FROM: Cheryl Gerow

RE: 2023 Investment Report

During the first half of 2023, interest rates on Savings Accounts and Bank Certificate of Deposits have continued to increase. US Treasury Bills at Key Bank and Jumbo Certificate of Deposits at TD Bank have renewed at a rates between 2.30% and 5.10% throughout the first half of the year.

Rates

US Treasury Bills		Bank/Jumbo Cert	ificate of Deposits
January 2023	4.35% for 90 days	January 2023	4.60% for 180 days
March 2023	4.65% for 120 days	March 2023	4.05% for 1 year
June 2023	5.22% for 120 days		
November 2023	5.35% for 120 days		

Savings Accounts (De	cember 2023)
Key Bank	0% (rate based on off-setting bank charges)
	0% (no interest on Central Checking account)
Catskill Hudson Bank	0.15%
Wayne Bank	0.50%
TD Bank	3.14%
Jeff Bank	0% (no interest on payroll accounts)

Below is a four-year comparison of total interest earned:

	2020	2021	2022	2023
General A	\$8,767.00	\$ 526.00	\$10,274.53	\$94,374.00
General B	\$1,805.60	\$1,201.16	\$ 263.07	\$ 12,183.00
Highway DA	\$3,170.38	\$ 110.48	\$ 7,430.25	\$51,646.00
Highway DB/DC	\$4,995.78	\$ 0.00	\$ 4,415.48	\$30,202.00
Capital Reserve	\$7,669.55	\$4,222.81	\$20,131.06	\$92,384.00
Lighting	\$ 50.11	\$ 23.72	\$ 59.79	\$ 99.00
M&O	\$ 0.00	\$ 0.00	\$ 0.00	\$ 0.00
Sewer	\$1,470.31	\$ 53.08	\$ 7,992.98	\$17,260.00
Water	\$ 980.34	\$ 35.39	\$ 4,528.00	\$17,260.00
Total YTD Interest Earned:	\$28,909.07	\$6,172.64	\$55,095.16	\$315,408.00

Ashley Inserillo Program Manager NYSDOH Bureau of Water Supply Protection Empire State Plaza, Corning Tower Rm. 1135 Albany, NY 12237

RE: IUP Amendment Comment

Dear Ashley Inserillo:

I am writing today to comment on NYSDOH's draft Amendment No. 2 to the FFY 2024 DWSRF IUP regarding potential funding awards for the BIL Lead Service Line Replacement (LSLR) program. Our community submitted a listing form in August of 2023 requesting funding through this program to address an unfunded federal mandate that all public water supplies submit a complete inventory of their lead service lines by October of this year.

As a disadvantaged community in a rural area with limited staff and resources, we were hoping that NYSDOH would recognize the significant financial burden that this requirement places on us. As you know, the state is required to provide at least 49% of the BIL-LSLR funding as grants to water systems that meet the state's disadvantaged community criteria, which is based largely on population and income. However, the draft IUP amendment states that for the purposes of BIL-LSLR funding, an exception is being made to allow municipalities with a population over 300,000 persons to qualify as disadvantaged communities and be considered for funding.

There are several projects on the draft eligible project list within the City of New York, which has a population of 8.8 million people, and an annual budget of about \$100 billion. With a budget of this magnitude, I suspect the City of New York would have access to significant resources to address replacement of lead service lines in targeted areas without additional state support.

Eliminating the exception that allows municipalities with a population over 300,000 to qualify for BIL-LSLR funding would free up \$10 million, or more, in grant funding that would be better served helping small rural communities with limited local resources, like ourselves. Given that

the NYSDOH only has \$60,779,110 in LSLR grant funding available statewide, it seems unfair that New York City would be eligible to receive such a significant portion of grant funding.

I urge you to reconsider the population exemption for BIL-LSLR projects, so that disadvantaged communities, such as ours, can take full advantage of the federal resources available to address this unfunded EPA mandate.

Sincerety, las Frank DeMayo

Town of Liberty - Supervisor

PUBLIC HEARING: 6:15 P.M.

Introductory Local Law No. 3 of 2024 entitled "establishing a moratorium with respect to Planned Unit Developments in the Town of Liberty, Sullivan County, New York".

PRESENT:

Councilmember Dean Farrand Councilmember Vincent McPhillips Councilmember John Lennon

ABSENT:

Supervisor Frank DeMayo Town Attorney Ken Klein

RECORDING SECRETARY:

Town Clerk Laurie Dutcher

ALSO PRESENT:

Finance Director Cheryl Gerow Water & Sewer Dept., Damon Knack Confidential Secretary Nick Rusin Highway Superintendent Matt DeWitt Cora Edwards Michael Edwards Harriet Dorfman

Deputy Supervisor Dean Farrand opened the Public Hearing by reading aloud the following notice:

PLEASE TAKE NOTICE that there has been introduced before the Town Board of the Town of Liberty in the County of Sullivan and State of New York, introductory Local Law No. 3 of the Year 2023, entitled "A local law establishing a moratorium with respect to Planned Unit Developments in the Town of Liberty, Sullivan County, New York." The proposed local law would establish a moratorium to prevent the application for and consideration and approval of Planned Unit Developments within the Town of Liberty for a limited period of

time in order to consider amendment of the Town of Liberty Zoning Law with respect to Planned Unit Developments, including but not limited to revision of practice and procedure, and amendment of text, density calculations, allowable uses, and all regulations pertaining to Planned Unit Developments. The moratorium would be in effect for a period of three (3) months following the date of adoption of the subject local law. The moratorium could be extended for up to three (3) additional periods not exceeding three (3) months each by resolution of the Town Board upon a finding of necessity for such extension.

The aforesaid local law was determined to be a Type II Action as defined in 6 NYCRR §617.5(c)(36) of the regulations promulgated pursuant to the State Environmental Quality Review Act, for which environmental review is not required

Harriet Dorfman

I had a couple of questions, I made a copy of the Towns PUD. Is there an actual, full concise copy that you don't have to go back and forth on and look for local law from 2006? Or a local law from whenever it really would be helpful, I think, for the community to actually see a full copy. The other thing was when I did read this, one of the things that I saw is that they're supposed to be a beneficial something to the entire community and I really personally want to know what that supporting community beneficial to the full community is. There was also something here about \$2,500 for non-conforming, additional, nonconforming, it's not the right word, but additional homes. So I'm a little concerned to get something in there for additional homes that would not have necessarily been in the original plan but you get \$2,500 for the town that goes to the recreation department. If for some reason, it's overbuilt. The last thing I'd like to say, and it's sort of on the outside of this, but it's very relevant today is the antisemitism in our community. There are business people in our community, there are residents in our community, and the antisemitism is rampant. It's not just quote against a Hasidic group, or one Hasidic group, or many Hasidic orthodox or modern Orthodox or reform or conservative okay, and we all really need to be cognizant of that fact. This to me. I've said it over and over, it's not a matter of who's moving in, it's a matter of how people are moving in. I don't want to see large multi-homed communities that take away from our natural landscape and that put pressure on our sub-floor so to speak about plumbing and our septic and our water and our roads. And I think all of that needs to be taken into consideration when you think about the PUD.

Mike Edwards

Mike Edwards I live in Swan Lake. I support the moratorium, I think it's the right thing to do. It's a sensible thing to do. The current law as we saw in the discussion over the lake Hills PUD, is full of loopholes and vagueness and ambiguity is which don't help anyone. So it's crucial that is given a proper study, and that encourage the board to do as rigorous analysis as they can and take as much of the nine months of moratorium that's permitted. To do that, obviously, what's of most interest is how the law is going to be changed, not whether there's just a moratorium. And I'd like to encourage the board to use this opportunity to see the PUD law as strengthening our commitment to our comprehensive plan, which is ultimately the document that guides us all in the future development of liberty. And to make sure that whatever version of the PUD law emerges, if one emerges, and it's not completely withdrawn from the town code cannot be and is not used as a workaround for anyone, developers or otherwise, who want to circumvent the zoning law and the time COVID By using the PUD as a sort of smokescreen if you like to get what they want. Because if we end up there, there will be another firestorm of opposition. Just as you saw last time in the lake Hills PUD was brought here for discussion. Thank you.

Cora Edwards

My name is Cora Edwards. I live at 1495 Briscoe Road, Swan Lake. First of all, I want to thank the board for having a public hearing. I know it's the law. So I'm grateful that were given the opportunity to speak. I think 15 minutes is insufficient for a public hearing that will have very long term effects. With regards to a moratorium on a PUD as my husband, the previous speaker mentioned that it could go on for nine months until something is hammered out, or it could be decided that a PUD is not in the interest of the comprehensive plan. My hope is that there's actually a time set aside a workshop, a roundtable, town hall, whatever you want to call it. That's just on the PUD law. We had one discussion in June with both the town board and the planning board that focused on the PUD and then there was a Planning Board meeting after that, but everything after that, since May until January has been piecemeal. Public comments have just come as people started to become more aware of the impacts of a PUD on every road on every tract of land, regardless of whether it's a rural development, or an agricultural conservation area. So I am requesting, imploring, asking to please put aside a time where everyone in the community can come together. I hope that the comment that Dean made earlier will be posted in full if it hasn't been already. Because you can see from the number of people here today that this is of interest to everybody in Liberty in the town, and there are wider implications for the county. So as I said before, I hope that you all have a workshop, a roundtable, a town hall, whatever it is just on the PUD and not to sandwich it in 15 minutes before a re-org meeting. It deserves more than that. Thank you.

No one else wished to speak. The Public Hearing was closed at 6:28 p.m.

DELAWARE ENGINEERING

Town of Liberty, NY

January 3, 2024 Town Board Meeting

Update on Projects

- 1. CDBG Grant Project Phase 10 White Sulphur Springs Boyd Road and Well Screens
 - Actions for the Board to consider at today's meeting:
 - No resolutions required
 - Review construction status and remaining work for the original project (Tweedie)
 - Review plan forward and schedule to complete additional paving on Boyd Road
 - Review the Town's project completion date extension to NYSOCR
 - Review the plan forward and schedule
 - Review cost summary and projections/planned expenditures
 - Actions for Board to consider at the next January 2024 meeting
 - Review and consider approval & execution of DEDPC's Engineering Service Agreement Amendment for additional Engineering services associated with unplanned/additional restoration work for Boyd Road
 - Project was identified for award of a grant of \$787,700; the Town agreed to fund grant administration (Blauer Associates) at \$45,000 to facilitate project readiness and score more points on the application
 - Work includes replacement of approximately 1,650 lineal feet of 6" waterline from the connection on Warden Lane to the end of the line on Boyd Road. Horizontal directional drilling (HDD) will be used to install 6" HDPE lines under Route 52 (required by NYSDOT) and under the stream/wetlands on Boyd Road. The remaining piping will be ductile iron. New valves and hydrants and services to the shutoff box will be provided. Also includes work to replacing Shore Road Well 1 screen.
 - Mark Bauer continues to work through NYSOCR items
 - NYSDOH design review is complete. Final approval was received on 6/14/23.
 - NYSDEC permit for boring under wetland area received on 7/7/23

- Construction Status and Remaining Work for the Original Project (Tweedie Construction)
 - Contract was awarded at the April 17, 2023 meeting and execution copies of the construction contract have been prepared and distributed to the contractor and the Town
 - NYSDOT Work Permit has been obtained by the contractor
 - A pre-construction meeting was held on June 14, 2023
 - Work started in mid-September and all contract work (for the original project, Tweedie)
 - New waterline was put into operation on November 20, 2023, with approval by NYSDOH (Middletown District Office).
 - Original contract work was complete on December 1, 2023, except for punchlist work.
 - Punchlist and remaining work (as of 12/21/23)
 - Complete disinfection testing for Well 1 Complete
 - Site restoration along the route of the water main installation Spring 2024
 - As-Builts Pending
 - Boyd Road restoration of existing roadway surface Complete
 - Boyd Road restoration
 - Roadway additional patching work completed on December 1, 2023
 - \$15,000 in additional NYS OCR funds was approved on November 22, 2023 for partial roadway patching. (See Change Order 1 below).
 - During watermain installation work, the existing surface of Boyd Road was damaged by heavy equipment. Prior to construction, the roadway was in fair condition with a paved surface and some ruts and cracks. The site conditions for the last 1,100 feet of roadway include high groundwater and poorly drained soils. These conditions, coupled with heavy equipment impacts have degraded this area.
 - A site meeting with Tweedie Construction, the Town Highway Department, Town Board Member Lennon, and Delaware Engineering was held on November 27 to discuss restoration of existing roadway surface
 - At this meeting, it was decided that Tweedie Construction would clean off the roadway surface on 11/30/23 and another site meeting with the Town Highway Dept would be held on 11/30 or 12/1 to decide how best Tweedie can spend the \$15,000 to provide some repairs to damaged sections to best get through the winter.
 - On-site meeting held on 12/1/23 and all agreed to patch several areas with hot mix asphalt paving to get through the winter. Hot mix paving patch work complete on 12/1/23.
 - · See Additional Paving on Boyd Road (plan forward and schedule), below
 - The contract completion date was December 1, 2023. (Per Mark Blauer, the deadline for eligible work is January 5, 2024 and the deadline to submit final drawdown requests is

<u>February</u> 5, 2024). An OCR extension was granted until June 28, 2024 – see below – so Tweedie final work and final payment requests can be completed and submitted in May 2024.

Change Order No. 1 – Final Over/Under including \$15,000 for Boyd Road patching

- At the December 4, 2023 meeting the Town agreed to proceed with this change, and the Town Board resolved to authorize the Town Supervisor to execute Change Order No. 1 in the total amount of \$12,207.00, which will increase the cost of the contract to \$403,369.00 (\$391,162.00 plus \$12,207.00).
- The contractor returned the fully executed change order on 12/18/23
- No additional approvals required (i.e., OCR)
- This change order is to address quantity adjustments, for items that were changed during the course of the work, and unforeseen items noted during construction. Additionally, a \$15,000 cost increase (pre-approved by OCR) for additional road restoration work is included in this change order.
 - A cost adjustment for actual lengths of pipe installed (based on unit prices from the bid) results in a net **decrease** in contract price of \$11,068.00.
 - Tweedie Construction Services, Inc. has provided a cost of \$5,500.00 for two reinforced concrete anchor blocks which were installed at both ends of the HDPE watermain to prevent movement due to thermal expansion or contraction.
 - Tweedie Construction Services, Inc. has provided a cost of \$2,775 for one hydrant extension which was installed on a new hydrant at a point where the new watermain was deeper than anticipated.
- This change order increased the final project cost by a net amount of \$12,207.00, for a new final contract cost of \$403,369.00. The revised cost to finish the project, including retainage, will be \$274,026.68.
- Adequate funds are available to address the additional \$12,207.00 in the existing project contingency. That is, \$183,381 dollars remain in uncommitted funds after this change order.

Substantial Completion

- Contract work was substantially completed (as of 11/29/23), except for the following punch list items (as of 12/20/23):
 - Boyd Road restoration \$15,000 Complete
 - Final site restoration \$12,892 Spring 2024
 - Demobilization \$6,000 Pending final site restoration
 - Successfully Complete the Well 1 Disinfection testing \$5,000 Complete
 - As-builts \$1,000 Pending
 - Total Punch-list Value = \$39,892 (amount to be withheld)

Project Completion (Substantial):

- At the December 4, 2023 meeting the Town Board resolved to authorize the Town Supervisor to endorse the Certificate of Substantial Completion form for this contract with a date of Substantial Completion of December 1, 2023 and a final contract amount of \$403,369, including the Punch-list with a total amount of \$39,892. Punch-list amounts to be withheld until all punch-list work has been complete.
- Delaware forwarded the Certificate to the contractor for execution and request project closeout paperwork (i.e., affidavit of release of liens for subcontractors and equipment suppliers, provide maintenance bond, etc.)
- Once all is received from the contractor, we will assemble the project closeout package, and provide it to the Town, with a copy to the contractor.

2. Contractor Payment Request No. 2

 At the November 6, 2023 meeting the Town resolved to authorize the Town Finance Department to proceed to process Payment Application No. 2, to General Contract No. TL1-G-22 for Tweedie Construction Services, Inc., for the period ending September 18, 2023, in the amount of \$124,592.32, as requested by the contractor.

3. Contractor Payment Request No. 3

- At the December 18, 2023 meeting, the Town resolved to authorize the Town Finance Department to proceed to process Payment Application No. 3, for General Contract No. TL1-G-22 to Tweedie Construction Services, Inc., for the period ending December 1, 2023, in the amount of \$219,564.18, as requested by the contractor.
- Contractor Final Payment Request
 - Can be submitted in May 2024 following completion of punchlist work

Additional Paving on Boyd Road

- On December 1, 2023 Mark Blauer and Delaware reached out to NYS OCR to discuss the possibility of OCR allowing use of some of the remaining uncommitted funds to perform roadway "reconstruction".
- NYSOCR responded that they had no objection to the Town proceeding as proposed, with the following conditions:
 - 1. The Town needs to submit a request for extension through June 28, 2024
 - 1. The OCR will be unable to consider any further requests for extension beyond that date
 - 2. The request needs to include a schedule for bidding/contracting the additional work
 - 2. Prior to proceeding with a new/revised ERR/RROF

- 1. Review the original ERR/RROF to determine if this can be addressed through a Part 58.47 re-evaluation
- On December 8, 2023 the Town submitted a formal request to NYSOCR, including cost estimate and anticipated project schedule, Schedule Bar Chart and Email Correspondence between Blauer Associates and OCR regarding project extension. See attached.
 - 1.) Based on the cost estimate provided with the extension request, the estimated cost for this work is \$182,225
 - 2.) With the Town Highway Department willing to contribute up to \$20,000 toward the road reconstruction/paving work
- On December 14, 2023 NYSOCR sent the Town a letter approving the request for a contract time extension for the above project. See attached.
 - 1.) The NYS Office of Community Renewal (OCR) is in receipt of the Town of Liberty's letter requesting an extension beyond the project completion deadline of January 5, 2024.
 - 2.) Based on OCR's review and careful consideration the Town of Liberty's request for an extension has been granted, and your revised project completion date is June 28, 2024.
- This work, and other related expenses (additional engineering, not included in the cost estimate) are anticipated to be covered by the grant
- 1.) It is Mark Blauer's opinion that extension approval was not an approval to spend a discrete amount of money. Instead, it was strictly an approval for extra time. In his view there is no limit on spending up to the balance available in the grant provided the spending is done within the extended contract period.
- With the Town Highway Department willing to contribute up to \$20,000 toward the road reconstruction/paving work
- The anticipated project schedule is as follows:

Task:

Schedule:

Second Public Hearing for Project:	December 4, 2023- complete
Town Considers Extension Request and OCR Terms:	December 4, 2023 - complete
Extension Request Submitted to OCR:	December 8, 2023 - complete
ERR/RROF Review and Revision/Re-evaluation:	December 2023 - underway
Bid Document Preparation:	January – February 2024
Project Put Out to Bid and Bid Advertisement Published:	February – March 2024
Bid Opening:	March 2024
Bid Review and Award:	March – April 2024
Pre-Construction Meeting:	April 2024
Construction Contract Document & Submittal Review:	April 2024

Construction: April 2024 – June 2024 Town to Review and Consider Final Pay Request: On or Before June 17, 2024 Construction Contract Close-out: On or Before June 28, 2024

• This schedule is an estimate and the actual schedule may differ slightly as the project proceeds. However, we are confident this project will be brought to completion by the **June 28, 2024** deadline.

Project Cost Summary

- Overview/Quick Summary
- Awarded Bid total = \$391,162
- Final Total of Contract TL1-G-22, Including All Changes = \$403,369
- Construction budget (2021 estimate) = \$587,200 (not including contingency)
- Pending Boyd Road Reconstruction/Paving, there remains \$234,831 (\$183,831 Remaining Construction Funds + \$51,000 in contingency) in grant dollars presently uncommitted.

• Planned expenditures associated with additional Boyd Road work

Item	Estimated Cost		
Reconstruction of +/- 1,100 lineal feet of Boyd Road	\$182,225	Per 12/2023 estimate to OCR	To be bid out
Additional Engineering work for design, bidding and construction phase services for Boyd Road reconstruction	\$30,000		Pending Amendment 1 to Delaware's contract
Sum of Items	\$212,225		
Remaining Budget	\$234,831		
Net remaining after planned expenditures	\$22,606		

- About \$22,000 remains in contingency after planned expenditures associated with reconstruction of about 1100 lineal feet of Boyd Road
- .

Summary:

Item No.:	Item Description:	Estimated cost/budget (Feb 2021 Engineering Report for the CFA application)	As bid April 2023 with Bid Alternate Price – no changes	Contract Costs to- date (as of 12-27-23) with all changes	Budget minus bid - minus changes as of 12-27- 23
1	Construction – General	\$587,200	\$391,162	\$391,162	\$196,038
2	Construction – (no others)				
3	Construction – Subtotal Bid	\$587,200	\$391,162	\$391,162	\$196,038
4	Change Order No. 1 (Final Over/ Under):				
	Quantity Adjustment (net)		\$0	(\$11,068)	
	Concrete Anchor Blocks		\$0	\$ 5,500	
	Hydrant Extension		\$0	\$ 2,775	
	Addt'l Funds for Road Restoration		\$0	\$15,000	
	Change Order No. 1 Total (net) =		\$0	\$12,207	(\$12,207)
5	Boyd Road Reconstruction (Estimated – to be bid)			\$182,225	(\$182,225)
	Anticipated Town Contribution (up to not to exceed \$20,000)				Not deducted from total
6=3+4+5	SUBTOTAL - Construction	\$587,200	\$391,162	\$585,594	\$ 1,606

	Other Costs:				
7A	-Delaware Engineering	\$149,500	\$149,500	\$149,500	
7B	 Amendment 1 Add'l Boyd Road Reconstruction 2024 	\$ 0	\$0	\$ 30,000	(\$30,000) Pending Town Approval
8	-Blauer Associates (Grant Admin) (1)	\$45,000 (1)	\$45,000 (1)	\$45,000 (1)	
9=6+7A+7B+8	Total Estimated Cost/Cost to Date	\$781,700	\$585,662	\$810,094	(\$28,394)
10	Contingency	\$51,000	\$51,000	\$ 0	\$51,000
11=10+9	Project Budget/Cost to Date Plus Contingency - Tota l	\$832,700	\$636,662	\$810,094	\$22,606
12=11-8	Project Budget/Cost to Date Plus Contingency Grant Eligible (2)	\$787,700	\$591,662	\$765,094	\$22,606
13	Grant Amount	\$787,700	\$787,700	\$787,700	
14=13-12	Grant Budget Minus Cost – Remaining	\$0	196,038	\$22,606	

(1)- Town agreed to fund grant administration (Blauer Associates) at \$45,000 to facilitate project readiness and score more points on the application – cost not eligible for grant reimbursement

(2)- All costs except Grant Administration are eligible for grant funding

 About \$22,000 remains in contingency after planned expenditures associated with reconstruction of about 1100 lineal feet of Boyd Road

Professional Services Contract Amendment for Engineering Services

 We plan to submit an amendment in January 2024 to cover unplanned work associated with the partial reconstruction of Boyd Road for Board consideration at the second January 2023 meeting

Planned Engineering Services Fee Summary:

 Task 2A – Additional Design Services 	\$12,500
 Task 3A – Additional Bid & Award Services 	\$6,000
 Task 4A – Additional Engineering During Construction Services 	\$11,500
 Task 5A – Additional On-site Observation Services 	\$0

Professional Services Total = \$30,000

- As shown in the cost tables on Pages 5 and 6above, cost would be eligible for grant funding and would come out of the contingency; leaving about \$22,000 remaining in contingency to address any construction-phase issues.
- Any money not expended will be de-obligated from the project and return to the gov't.

2. Swan Lake WWTP Upgrade

- Actions for the Board to consider at today's meeting:
 - None

Project Funding/Financing Overview

- No Changes this month
 - Project currently financed for hardship (0%) loan, WIIA grant and BIL funding with a grant of up to 50% of the project cost, less the WIIA grant.
- Project funding summary based on current information:

Project#	Description	WIIA Grant	BIL Grant	BIL 0% Loan	Total
C3-5370-01-00	Engineering/Prof Services (DEDPC contract plus 10% contingency)	\$ 2,922,655	NA	NA	\$ 2,922,655

C3-5370-01-01	Other WWTP Upgrade scope items	\$ 1,577,345	\$ 6,916,000	\$ 6,584,000	\$ 15,077,345
TOTAL		\$ 4,500,000	\$ 6,916,000	\$ 6,584,000	\$ 18,000,000
Estimated Grant Total					\$11,416,000 (63%)

In summary, the current \$18M project is in line to receive 63% in grants and 0% financing on the balance.

- Project Financing Agreements (PFAs) executed/closed on January 12, 2023 for both projects, short term financing funds now available and costs for contracts with approved MWBE/DBE/SDOVBE Plan(s) are eligible for disbursement
 - Professional Services Work (C3-5370-01-00) WIIA Grant funded only
 - In response to communications with NYSEFC, the Town responded on November 15, 2022 to NYSEFC requesting that WIIA funds be utilized for professional services.
 - We sent digital copies of the executed professional services contract to NYSEFC on November 20, 2022 which was approved per 12/6/23 NYSEFC letter.
 - Has 2 programs included for compliance:
 - MWBE/DBE/SDOVBE Goals
 - 30% MWBE, and
 - 6% SDVOBE
 - Delaware/MSI submitted our MWBE & SDVOBE Utilization Plans to the Town on March 16, 2023 and the Town submitted to NYSEFC for review/approval on March 21, 2023.
 - We have worked through many of NYSEFC MWBE review comments, and have successfully completed the Construction Inspection RFP solicitation process in September and October 2023.
 - We have worked through NYSEFC's MWBE review comments and on November 2, 2023 the Town received notification that NYS EFC has reviewed and accepted our MWBE and SDVOB Utilization Plans and partial Waiver requests for the Town of Liberty - Project No. 5370-01-00, Delaware Engineering D.P.C. contract.
 - The DE contract is eligible for disbursement, EFC will release payment for all invoices submitted to date (upon receipt and processing of a disbursement request) and the Town can then reimburse internal funds

- Cheryl G. has a submitted a disbursement request for project funds invoices to date including for all Delaware's Invoices and others
- Construction (C3-5370-01-01) WIIA & BIL funded, has one program for compliance.
 - MWBE/DEB/SDVOBE
 - 20% MWBE
 - [20% DBE (fed.) if equivalency project (pop >10,000), NA]
 - Utilization Plans to be provided by Construction Contractors following bid award so no action until then
- Delaware & MSI will continue to work with the Town and NYSEFC through WIIA & BIL requirements

Moving the WWTP Upgrade Project Forward

- Professional Services Work
 - Continuing to work with the Town and NYSEFC and our fiscal subconsultant MSI as needed on contract related items.
 - Design continues and plan to have a review meeting soon with Damon and Town staff to review drawings/concepts
 - Structural work continues on retrofitting the Oxidation Ditches with MBRs
 - Continuing development New Headworks Building layout and components
 - considered reuse of existing stormwater tank to mitigate depth of excavation for the new Influent Building but proved to be too shallow for proper pump operation so it's back to the new building.
 - wide range of flow for pumps to satisfy existing and build out conditions
 - Mostly complete with MBR layout and performance and sizing
 - New MBR Building layout and components well underway
 - Starting existing building piping revisions
 - Post aeration cascade facilities mostly complete
 - New Sludge Dewatering Building layout underway
 - Working on updated project cost estimate
 - Coordinating site visits (likely over 2 days) to other upgraded WWTPs to see the equipment proposed at this facility. Trip to Waverly WWTP may be on January 11
 - Scheduling with Damon and Wayne
 - Town Supervisor and Board members are also welcome to go on the site visit(s) – we circulated the Waverly January 11 invite to Frank and the

Town Board members and requested response to us if interested
 Continuing work on NYSDEC SPDES permit Application for NY-2A for a facility

upgrade and expansion

- Requesting limits for WWTP maximum monthly average daily flow of 0.960 MGD and 0.686 MGD.
- New permit needed before NYSDEC will approve the design and before project can go out to bid.
- Draft NY-2A Form filled out and submitted on Friday, August 4, 2023, (and resubmitted on Tuesday August 29, 2023, and September 15, 2023) to NYSDEC Permits (Aparna Roy) along with
 - Location Map
 - Upgrade Site Plans and Process Flow Schematic
 - Detailed Mixing Zone Form
- Need to submit yet: Updated WTC Form for anticipated WTC usage following the WWTP Upgrade
- NYSDEC advised us on 10/25/23 that they are working on the application now and will get back to us soon.
- Followed up with NYSDEC Region 3 Permits on 10/02/23, 11/29/23, & 12/19/23 to request update(s)
- NYSDEC Responded on December 19, 2023 requesting that the Town please provide *all* information in Tables A, B, F, and G (attached, NY-2A Revised 05/12/2023 with additional sampling)
 - TABLE A. EFFLUENT PARAMETERS FOR ALL POTWS
 - TABLE B. EFFLUENT PARAMETERS FOR ALL POTWS WITH A
 FLOW EQUAL TO OR GREATER THAN 0.1 MGD
 - TABLE F. WATER TREATMENT CHEMICAL LISTING
 - TABLE G. INDUSTRIAL DISCHARGE INFORMATION
 - There is only sampling required for Table A (two sections) & B. Table F. Water Treatment Chemicals and Table G. Industrial Discharge Information do not require sampling, and Delaware will fill them out
 - Please note the section on Analysis (Page 2, the General Instructions) that the lab will need to pay attention to select the appropriate test method
 - We plan to schedule a pre-sampling meeting to make sure that they fully understand what we need.
 - The lab, or Town, can forward us the results and we can fill in the tables
 - W&S Dept. is reviewing and will let us know when you would like to schedule this sampling

- Town will need to conduct some sampling and analysis for NYSDEC we sent the list to Damon and Wayne on 12-20-23.
- On-site Under Ground Fuel Tanks
 - There are two existing onsite fuel tanks, shown on the existing plans, that have been abandoned in place
 - Diesel Oil Tank 1,000 gal. capacity (located near emergency generator)
 - Gasoline Tank 500 gal. capacity (filled with sand, located in parking lot)
 - No Town records of tanks being registered or formally closed
 - The Town will need to get these tanks registered in order to fully close out and remove them (e.g., closure report and sampling, etc.)
- Subcontract work
 - Financial Administration Municipal Solutions, Inc. (WBE)
 - Subcontract executed 12/29/22 with Municipal Solutions, Inc for Financial Assistance Services to comply with NYSEFC requirements (e.g., MWBE, EEO, etc.)
 - Work to include NYSEFC program compliance, monthly paperwork, etc.
 - Continuing to work with the Town on periodic NYSEFC filings and paperwork and with DE on MWBE & SDVOBE Utilization Plan items
 - Survey and Subsurface Utility Exploration Shumaker (WBE)
 - Subcontract executed on 10/21/22
 - SUE contractor was onsite Wednesday Nov 2 thru Friday November 4, 2022
 - The surveyor was onsite November 7 thru November 9, 2022 for the initial topo and boundary survey work
 - Topo and boundary survey received 12/22/22
 - Geotechnical (borings and geotech report for new bldgs.) Atlantic Testing (WBE)
 - Subcontract executed on 02/08/23
 - Boring work began 3/21/23 and continued during the week of 3/27/23.
 - DRAFT boring logs were provided on 05/12/23
 - Final geotechnical report provided on 9/22/23
 - Reproduction/Printing Services
 - Planning to use Constructive Copy (WBE) for repro of bid specs and drawings
 - Construction Cost Estimating (construction) Trophy Point (SDVOBE)
 - Planning to retain a Service-Disabled Veteran (SDVOBE) firm to provide construction cost estimates at two points during design (50% and 80% design estimate) – plan to do subcontract in the near future

- Demonstrates good faith effort to utilize SDVOBE firms when feasible BIL funding SDVOBE) goals (6%)
- Preparing subconsultant agreement with Trophy Point Construction Services and Consulting for cost estimating services, for subconsultant review and execution in January 2024
- Other MWBE Subcontract's Pending
 - For Construction-Phase work will seek as design nears completion
 - Construction Material Testing
 - Special Inspections

3. Stevensville Water Project

Actions for the Board to consider at today's meeting:

None

- · Construction and punch-list work complete
- Still waiting for Osterhoudt to return the maintenance bond and release of liens for Substantial Completion package
- As-builts being prepared
- Construction certification planned to go out to NYSDOH with as-builts in January 2024

More Detail below:

SHORT SUMMARY:

- Contract TL2-E-2017 Electrical.
 - All work completed and paid out.
- Contract TL2-G-2017 General
 - Water Storage Tank substantially complete June 2021 and paperwork previously processed.
 - Remaining work for the Watermain, Swan Lake Crossing, and Well Field
 Improvements:
 - New waterline has been in operation since late April 2023 and wellfield and other watermain work has been completed
 - All contract work is substantially completed as of 05/31/23, the following punch list items associated with the Swan Lake Crossing were completed as of 9/29/23
 - Insulation trim Complete
 - Touch up galvanization paint for new base plates and support brackets Complete
 - As-builts Complete
 - Project Completion (Substantial) Watermain, Swan Lake Crossing, and Well Field

Improvements Only (Substantial Completion for Water Storage Tank accepted on June 7, 2021)

- At the July 3 meeting the Town Board resolved to authorize the Town Supervisor to endorse the Certificate of Substantial Completion form for Contract No. TL2-G-17 – General with May 31, 2023 as the date of Substantial Completion for the Watermain, Swan Lake Crossing, and Well Field Improvements/non-water storage tank work and a final contract amount for Well Field Improvements/non-water storage tank work, of \$1,182,484 and a total final contract amount of \$2,378,660
- Delaware has forwarded the Town-signed Certificate of Substantial Completion to the contractor for execution and requested project closeout paperwork (i.e., affidavit of release of liens for subcontractors and equipment suppliers, provide maintenance bond, etc.) on 07/5/23, and resent the Certificate of Substantial Completion (and Change Order No. 7) for execution on 9/22/23
- The contractor returned the executed Certificate of Substantial Completion (and Change Order No. 7) on 10/13/23; we are still waiting for several items from the contractor (maintenance bond and release of liens) and, when all items are in hand, we will assemble the project closeout package, including the final payment application, and provide it to the Town, with a copy to the contractor.
- On December 19, 2023 the Town W& Sewer Dept. identified a leaking watermain in front of the gas station where Osterhoudt completed work for this project
 - Damon and Dennis B. made a site visit and notified Osterhoudt of the leak
 - The leak appears to be coming from the 1 ½ inch service to the gas station. Isolation valves up and down the line are available to isolate this service for repair without disruption to other users
 - Osterhoudt was onsite that afternoon (12/19/23) to repair the leaking water service
 - Service to gas station had a ruptured saddle gasket.
 - Saddle and service tap was performed after main line pressure test.
 - · Repair is complete and backfilled, and service is back online.
 - Some sort or restoration will need to occur in the spring.
 - The repair will be covered under the project 1-year maintenance bond which began on July 3, 2023. (maintenance bond is still pending from Osterhoudt)

Swan Lake Crossing at Lake Outlet

- Osterhoudt was onsite during the weeks of April 17 and 24, completing the water main crossing, and successfully tested (disinfection and pressure) the new line
- Delaware submitted NYSDOH Certification of Completion for the crossing and received NYSDOH-District Office approval to put it on line when ready on April 21, 2023
- Delaware plans to submit a final Construction Certification for all contract work to be

submitted with as-builts to NYSDOH – currently working on as-builts and will submit certification in the near future

Change Order No. 7 – No Cost Time Extension:

- Change Order No. 7, the no cost time extension, to extend the project completion date from November 30, 2022 to May 31, 2023, was approved at the December 19, 2022 meeting and has been circulated to Osterhoudt for signature several times, the latest resent for execution on 9/22/23.
- The Contractor returned executed Change Order No. 7 on 10/13/23
- The fully executed copy will be distributed to the Town, Osterhoudt and NYSDOH and NYSEFC in the near future. Submitted to NYSDOH & NYSEFC for approval on 12/19/23
- The additional time is needed to finish work on the pipe crossing, to complete pressure testing, disinfection, and installation and connection of a new water service. During this time, the new water line will be put into operation, making the project substantially complete.
- Final site restoration and completion of any punch list work will occur in the spring, at which time all work will be fully complete.

Change Order No. 6 – Final Over/Under Change Order and Time Extension

- Work Substantially Complete on 5/31/23 and Fully Complete on 9/29/23
- At the September 19, 2022 meeting Town Board resolved to authorize the Town Supervisor to execute Change Order No. 6 to Contract No. TL2-G-2017, in the total amount of \$29,400.00; which will increase the cost of the contract to \$2,378,660.00 (\$2,349,260.00 plus \$29,400.00) and to extend the contract completion date from September 30, 2022 to November 30, 2022.
- CO signed by Frank and copies of the change order sent to Osterhoudt for signing on 9/26/22 and to return to us for final change order processing and distribution.
- Fully executed CO Submitted to NYSEFC for approval on 9/30/2022
- Due to the freezing weather, work on the pipe crossing to complete pressure testing, disinfection, and installation and connection of a new water service- as well as, final site restoration and completion of any punch list work will occur in the spring 2023, at which time all work will be fully complete.
- Change Order No. 5
 - Work Substantially Complete on 5/31/23 and Fully Complete on 9/29/23
 - At the July 18, 2022 meeting the Town Board resolved to authorize the Town Supervisor to execute Change Order No. 5 to Contract TL2-G-2017 – General (H. Osterhoudt Excavating, Inc.) for the Stevensville Water Project to:

- extend the contract completion date from August 1, 2022 to September 30, 2022, and
- to provide and perform the work associated with providing the new elevated watermain crossing near the Swam Lake outlet instead of the underwater boring under Swan Lake, and all work associated with each, per the revised design and July 18, 2022 Osterhoudt quote, for a net cost of \$229,810, resulting in an estimated revised contract price of \$2,349,260.
- The Change Order form was fully executed by the town, Osterhoudt and Delaware on July 20, 2022 and has been subsequently circulated to all, including NYSDOH and NYSEFC.
- Due to the freezing weather, work on the pipe crossing to complete pressure testing, disinfection, and installation and connection of a new water service- as well as, final site restoration and completion of any punch list work will occur in the spring 2023, at which time all work will be fully complete.

Payment Requests for General Contract (Osterhoudt):

Payment Request No. 9:

- At the December 19, 2022 meeting the Town Board resolved to authorize the Finance Department to proceed to process Payment Application No. 9, to General Contract No. TL2-G-2017 for H. Osterhoudt Excavating, Inc. for the period ending November 14, 2022, in the amount of \$348,433.10, as requested by the contractor, including submittal of the payment request to NYSEFC for reimbursement, understanding that payment to the contractor will be made following receipt of reimbursement from NYSEFC.
- We have reviewed the attached Payment Application No. 9 for H. Osterhoudt Excavating, Inc., the contractor for the subject project, for the period ending November 14, 2022, in the amount of \$348,433.10 for work associated with maintenance and protection of traffic, highway work permit compliance, Change Order 5 (including work associated with the new elevated Swan Lake pipe crossing), and Change Order 6.
- The total cost to date for the project, including this request, is \$2,245,217.00, which equates to approximately 97% of the General Contract price for the project. Following this payment, the balance to finish for the project, including retainage, will be \$133,443.00.

Payment Request No. 10 (Final)

 At the November 20, 2023 meeting the Town Board resolved to authorize the Finance Department to proceed to process Payment Application No. 10 (Final), to General Contract No. TL2-G-2017 for H. Osterhoudt Excavating, Inc. for the period ending October 13, 2023, in the amount of \$133,443.00 as requested by the contractor, including submittal of

the payment request to NYSEFC for reimbursement, understanding that payment to the contractor will be made following receipt of reimbursement from NYSEFC, and contingent upon the receipt of the complete closeout package and all payment application items

Final payment Check mailed to the contractor the week of 11/20/23

NYSEFC Final Short Term (ST) Loan Disbursement Request and Long Term (LT) Loan

 LT Closing was completed on 12/6/22, Long-term funds became available for disbursement beginning on 12/8/2022

NYSEFC Document Collection

- All documents have been submitted, with the exception of TAM's Subcontract Agreement with Turtle & Hughes, including the EEO Policy Statement and Lobbying Certificate.
- An explanation has been provided to NYSEFC that the prime contractor for the Electrical contract has indicated that there is no subcontract because Turtle & Hughes is a materials supply vendor. They only supplied material for this project. This is under review by NYSEFC.

4. Economic Development Water and Sewer Infrastructure Capacity Planning Study

- A draft/ most current revised version of the report of the report was provided to the Town Supervisor on 12/12/23
- Met with Village DPW Supervisor on October 13, 2023
- Working to revise this ASAP with Dave Burke and then get to the Town for review
- Elm Street Well remediation and future use are key to this study
- Due to likely SPDES permit changes, study to review the ability of the Village WWTP to meet the new limits will also be added to the study recommendation – WWTP has adequate capacity for some additional flow/contributions without more upgrades.
- DE Staff held initial meeting with the Town (Frank and Damon) to review scope, current zoning, water, sewer, development projects, collaboration with Village, study products, and action items, etc. on November 14, 2022
- Met at Village Hall on February 7 with the Village (Mayor Joan, Judy, Lynn Barry, Dave Harman, Mark Kellam) and Town (Supervisor DeMayo and Dean Farrand) with the focus on Village infrastructure and needs.
- Meeting summary was sent to Town and Village on 3/14/22
- Will involve planning staff as well as Town and Village water and sewer staff
- At the September 6, 2022 meeting the Board authorized the Town Supervisor to endorse the Economic Development Water and Sewer Infrastructure Capacity Planning Study, dated August 15, 2022 to conduct:
 - Economic Development Water and Sewer Infrastructure Capacity Planning Study

- Update to Parksville Sewer Service Alternatives Study
- Select Grant Writing

5. Swan Lake Sewer System Evaluation/I/I EPG

- Board Action Required at Tonight's Meeting:
 - o None
- Delaware submitted EPG application for up to \$50,000 in grant funding I/I investigations, with commitment for a \$10,000 local match (20%) on August 11, 2023
- Digital copies forwarded to the Town Supervisor, Water and Sewer and Town Clerk on 08-31-23 – hard copy can be provided if requested.
- Funding Award Notification anticipated January 2024
- 6. Lead & Copper Rule Revisions service line inventory requirements, due October 2024
 - Nothing new this month
 - Funding Award Notification anticipated January 2024
 - Understanding that the LSL inventory needs to be submitted in October 2024, it is recommended that the Town:
 - · Start now to locate and collect information on lists of connections/water services and,
 - Consider solicitation (RFQ) for Engineering Services in January-February to assist with the work (required by funding agencies and which will take 1-2 months to do)
 - Funding Listing/Application:
 - A report and listing form were finalized and submitted on 8/25/23 for a lead service line inventory project, covering the Town's seven water districts, to be considered for 100% grant funding through the BIL program administered by NYS DWSRF. PER and Listing form emailed to Town Supervisor and Damon on 8/25/23.
 - The estimated project cost is \$569,094.
 - If a grant is received, the project will be subject to federal and DWSRF requirements (e.g., MWBE, BABA, AIS, Davis Bacon, etc.).
 - A copy of what was submitted (i.e., engineering report and IUP listing form) was submitted to the Town on August 28.
 - Funding Award Notification anticipated January 2024
 - More Background Information
 - EFC and DOH hosted a webinar on the Lead Service Line (LSL) funding available through the Bipartisan Infrastructure Legislation (BIL).
 - Grants are only available to municipalities that meet the definition of a Disadvantaged Community (DAV). If a client is not a DAV, then they will only get subsidized financing
 - In order to qualify for BIL Lead Service Line grant funding (inventory or replacement), a

municipality needs to have a 2021 MHI that is less than 80% of the regionally-adjusted State MHI. The Town of Liberty Qualifies for this.

- DAV eligibility applies to both inventory and replacement projects. DAVs can get up to 100% grant funding (\$2M max) for inventory projects, and up to 70% grant funding (\$10M max) for replacement projects.
- You can only apply for LSL replacement funding for locations where the number and location of LSL are known and verified, even if it is just a targeted area. However, if you are requesting replacement funding, then the entire line (public and private portion) must be replaced.
- You can apply for both inventory and replacement projects simultaneously, but with separate applications. For example, in the Village of Catskill there are some known locations of lead service lines associated with a water main replacement project that is in the planning stages, but they still need to complete a community-wide LSL inventory before the DOH October 2024 deadline.
- You may be able to "piggy-back" a LSL replacement project with a water main replacement project that is anticipated to receive DWSRF funding, but only if the two projects can be kept completely separate. They are two different sources of funds with different reporting requirements and must be tracked separately.
- A/E Procurement Requirements will apply, just like every other BIL-funded project.
 Procurement doesn't need to happen before an application is made, but it would make sense to get that out of the way while we wait for news on any grant awards so we can hit the ground running.
- The application process for both project types is the same. No authorizing resolution is needed, just a completed DWSRF listing form and a brief Engineering Report. Engineering report templates are being worked on. Deadline is August 25.
- Town applied for a grant for the inventory this round, and may apply for replacement in subsequent rounds
- The anticipated schedule is as follows:
 - Submit Project to DWSRF IUPAugust 25, 2023
 - Secure Short-Term Financing (BAN)...... September to December 2023
 - Perform Lead Service Line Inventory Present to October 2024
 - Review Existing Files Present to December 2023
 - Anticipated Funding Notification January to February 2024
 - Solicitation and Selection of Consultant....January to February2024
 - Public Bidding for Excavation Contract January to February 2024
 - Public Outreach January to June 2024
 - Field Investigation and Data Input May to September 2024
 - o Final Data Compilation September to October 2024

LSL Inventory Completed and Submitted October 2024

7. Swan Lake WWTP USEPA Administrative Compliance Order

- Working with the Town to develop written O&M procedures for its Sanitary Sewer System SSS in accordance with EPA's Attachment entitled "EPA Region 2's Recommendations Concerning Written Sanitary Sewer System Operation and Maintenance Procedures."
- Provided with the EPA correspondence was an attachment with EPA's recommendations for written O&M procedures and O&M manual Template for the Town to get an idea of what others have developed.
- Needs to be submitted to EPA, with a copy to NYSDEC, by February 1, 2024

8. Attachments

- WSS Phase 10 Improvements (TL1-G-2022) Extension Request Package
 - Extension Request Letter
 - Estimated Project Cost

RESOLUTION TO JOIN THE SULLIVAN O&W RAIL TRAIL ALLIANCE

WHEREAS, The Town of Liberty contains a section of the former O&W railroad corridor; and

WHEREAS, a portion of the O&W corridor has been developed into a multi-use rail trail that is owned and maintained by the Town of Liberty; and

WHEREAS, the Town of Liberty participated with Sullivan County and other municipalities in the creation of the *Sullivan* O& W *Rail Trail Feasibility Study* that details recommendations for building out the rail trail ("Trail") in Sullivan County by connecting the existing developed sections to create a 50+/- mile long facility from Mamakating through Rockland, and by creating a new trail along the former O&W spur line traveling south through Monticello; and

WHEREAS, the Town Board of the Town of Liberty recognizes the Trail provides a multitude of community benefits including enhanced quality of life, higher property values, economic development, sales tax revenue, and better public health and that these benefits will increase as the Trail is expanded and improved; and

WHEREAS, the Town of Liberty has been engaged with other Trail municipalities and stakeholders in the implementation of the *Sullivan* O& W *Rail Trail Feasibility Study*, collaborating on trail branding, marketing and promotion, clean-up, grant seeking and other activities; and

WHEREAS, the *Feasibility Study* recommends "the creation of a trail coalition...to assist municipalities operating and maintaining the Trail," further recommending that such group be established as a non-profit 501c3 corporation and that members 'should pay dues to fund {its} operations;" and

WHEREAS, Trail stakeholders, including representative s of the Town of Liberty have met to plan for the creation of such a group, determining to establish the Sullivan O&W Rail Trail Alliance ("Alliance") for the purposes of conducting project development, fundraising and grant seeking, maintenance, marketing and promotion, and special events related to the Trail,

NOW, THEREFORE, BE IT RESOLVED, that the Town of Liberty

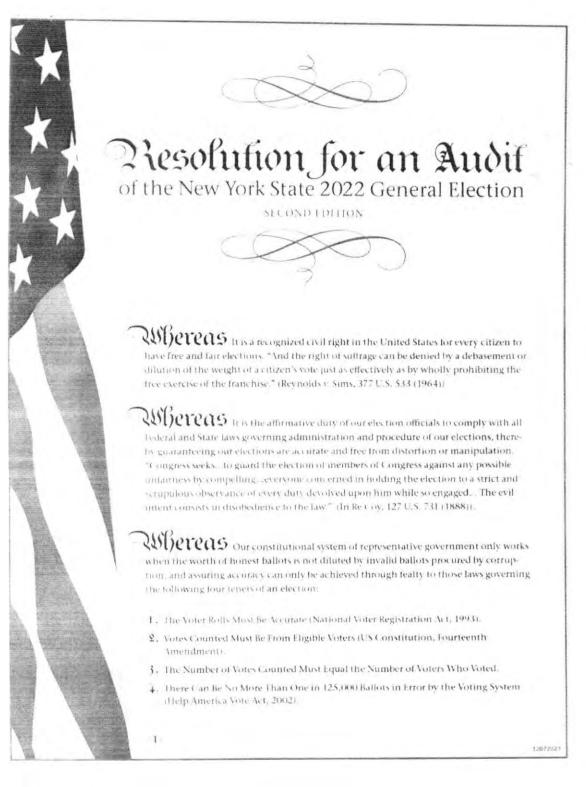

- Will be a member of the Sullivan O&W Rail Trail Alliance, when established, and hereby acknowledges the terms and conditions of the Alliance Bylaws, including the administrative compliance and audit requirements; and
- 2. Will appoint a representative and alternate to serve on the Alliance Board and to apprise the Town of Liberty Board of Alliance activities and Trail development; and
- 3. Will adhere to the design guidelines and brand guide in the *Sullivan* O&W *Rail Trail Feasibility Study* when implementing trail expansion and/or improvement s; and

BE IT FURTHER RESOLVED; that the Town of Liberty does hereby authorize funding for the Sullivan O&W Rail Trail Alliance in a minimal annual amount, determined by the fiscal health of the municipality and as determined annually during the Town's budget review process. Such

funds shall be used for operating expenses, trail marketing and promotion, fundraising and such common maintenance activities as may be determined by the Alliance.

RESOLUTION FOR AN AUDIT OF THE NEW YORK STATE 2022 GENERAL ELECTION

Whereas An open-source audit of the New York State 2022 General Election conducted by New York Citizens Audit has uncovered evidence of massive inaccuracies That violate both Federal and State laws, including:

- + 5,142,950 ineligible or uncertain registration violations found within the NY State voter roll database.
- * 732,359 votes cast by incligible or uncertain registrants.
- · 35,312 more votes counted than voters who voted in the 2022 general election. So one knows who cast them.
- · 745,246 apparent voting violations in excess of the legal standard of system accuracy for a valid federal election. For the 2022 election in New York this number was 48.
- * Certification as defined by law, an attestation of accuracy and compliance, appears to have been fraudulent and illegal.

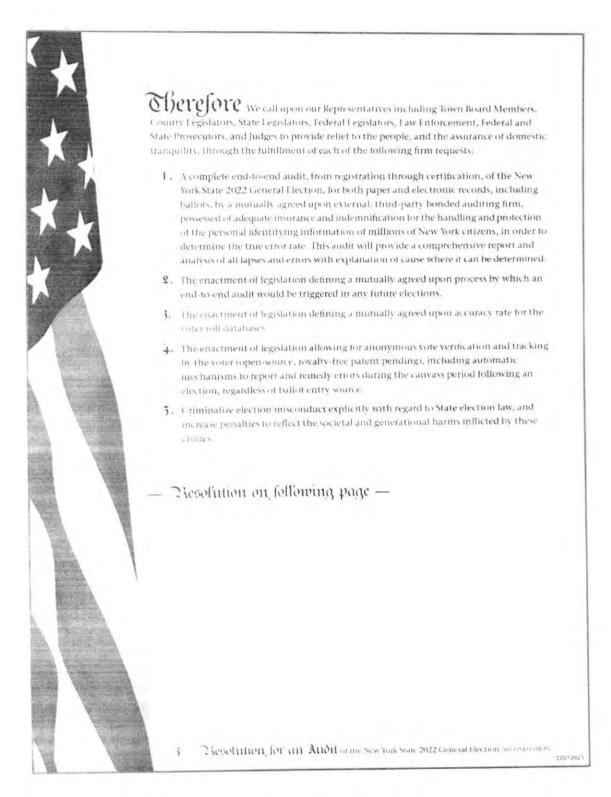

Whereas these fundings frample accuracy requirements of voting systems for a bederal Election, wherein the system shall achieve a target error rate of no more than one in 10,000,000 ballot positions, or one in 125,000 ballots. For a voting system, accuracy is defined as the ability of the system to capture, record, store, consolidate and report the specific selections and absence of selections, made by the voter for each ballot position without error.

Whereas It must be known factually, and provably, that the intent of the voters is accurately represented by election results before certification can be lawfully conducted. Certification of an election that varies from the law is an abridgement of the civil rights of the citizens, a Fraud ab Initio. (United States y, Throckmorton, 98 U.S. 61 (1878).

Reveas State and Federal Officials have met the efforts of New York Citizens Volution seek redress for these egregious violations with indifference and inaction, including the Attorney General, Secretary of State, State Board of Elections, Inspector elemental, Tederal Bureau of Investigations, State Leadership of Democrat and Republican parties, County Election Officials, Sheriffs, District Attorneys, and others,

Moreas None of the reported 2020 violations were addressed prior to the administration and certification of the 2022 General Election, and there prevails a spirit of extreme contention and zero trust between people of differing political ideologies across New York, which is destructive to our families, our way of life, and the fabric of these United States.

PUBLIC PARTICIPATION

Vance Spicer

Good evening Liberty board members. My name is Vance Spicer, I live at live at 54 Devaney Road in Ferndale. I have emailed a few of you in the past, so it's nice to meet you all formally tonight. All of you know about the Devaney Road Construction Project is currently happening. When I first found out about the possibility of (18) homes being built I started going to Planning Board Meetings to find out what was happening, only to learn that because the lots were subdivided in the 70s they were grandfathered in and that this entire neighborhood could be permitted and built without going through the Planning Board was also a shock. It was also a shock when two family homes started popping up on each lot. There were no

water studies done, there were no traffic studies done for the additional 36 families and there are no driveways on the building permits. So, I still don't know where the 36 families will be parked. There was no discussion about clear cutting four and a half acres of forested land that totally changed the aesthetics of a once tree lined road. I would also like to point out that vesterday. I had a look at the submitted architectural drawings at the building department and they do not match the final product that is going up. I would also like to know whose job it is to go on site and make sure that the developers are building what they said they would build. The first 10 houses that are now under construction still have not been fully decided upon where they will get water from. We'd like to know how this project got this far. Without this information being figured out. I would also like to let the board know that several logs that were being stored on the property line have rolled onto my property. I have let Mr. Mizrahi know about this weeks ago, but nothing has been done and his text message response was, I'll look into it. It feels like little can be done about what is currently under construction. Therefore, to prevent this in the future, I would like to see changes in the town code that prevent developers from using this loophole to build what is essentially an entire neighborhood without the Liberty Planning Board being involved. I would also like to see more oversight into the discrepancies between a submitted plan and what is actually built. Another step I would like to see to avoid this in the future is an addition of ramifications for developers that are not following code, whether that be a monetary penalty, or even as far as a restriction from them building in Sullivan County if they cannot follow the rules set by this board. I believe that having these kinds of consequences would help liberty that help the Liberty area see projects that are less focused on a fast build and more focused on building in line with the Town's Comprehensive Plan, Building what was submitted, building with proper sewer and water and building with the community in mind, thank you for your time.

YVONNE GOMEZ

Good evening board and neighbors. My name is Yvonne Gomez and I also live at 34 Devaney road with Vance, my partner. I wrote to all of you last week and I'm speaking to you today to ask that you put an immediate stop work order on all construction work by Fast Build LLC, located on the same road. Our home base is part of this project, just 50 feet away from our door. Our beautiful home is now surrounded by debris, logs, trash. It's a waste like when this project started, we reached out to the town supervisor and building department we question how these dwellings could potentially alter the intended character of the r1 zoning in which these lots are located. We also guestioned their water supply. We were dismissed and told that these lots were grandfathered in since the 70s that they did not require going through the planning board and that they would be connected to town water. Now months later, we found out that none of these two family homes that are almost complete, still don't have a proper resolution on their water supply. We ask that you take immediate steps to ensure that no further construction takes place, until this matter is resolved. I am truly baffled that this project was allowed to even start with these questions unanswered, but also the town administrators did nothing made no attempts to mitigate its environmental consequences to preserve the rural character of this surroundings or retain any screening between the new construction and the road. It is obvious by anyone that drives by it that this construction project is far too large and dense to meet the stated intent of the r1 zoning. Whether grandfathered in or not. As you are also aware, the developer intends to extend the project and build an additional eight two family homes beyond the 10

drawings that have already been started. These lots do not have access to town water or sewer. We ask that you not only revoke any permits that you may have already granted to these additional dwellings, but do not allow this project to continue. I ask that you also amend the town code to eliminate vagueness around undersized lots, the construction of two family homes in r1 zones and develop appropriate and reasonable procedures for grandfather lots that pose an impact of the town's resources. Thank you for your time.

BOARD DISCUSSION

Councilperson Vincent McPhillips-Councilperson Dean Farrand-Supervisor Frank DeMayo

ADJOURN

The Town Board does hereby adjourn the meeting at 6:52 p.m.

Motion:Councilmember Vincent McPhillipsSeconded:Councilmember John Lennon4 AYESCarried

- 2. Fines
- 3. Empty Lot in Parksville
- 4. Illegal dumping of garbage
- 5. Delaware Town/Village Water Sewer Study
- 6. Lead Service Line Inventory
- 7. Walnut Mt. Pavilion.

PUBLIC PARTICIPATION

Cora Edwards

My name is Cora Edwards. I live at 1495 Briscoe Rd. First of all, I want to wish everyone a Happy New Year and secondly, I'm going to read very briefly, part one of the conducting public meetings and public hearings, the division of local government services from the New York Department of State, the open meetings law, it is essential to the maintenance of a democratic society, that the public business be performed in an open and public manner and that the citizens of this state be fully aware of and able to observe the performance of public officials and attend and listen to the deliberations and decisions that go into the making of public policy. The people must be able to remain informed if they are to retain control over those who are their public servants. It is the only climate under which the common wheel will prosper and enable the governmental process to operate for the benefit of those who created it. And so now I'm going to go to page four. I'm going to give this to Laurie afterwards to distribute. Preparing a public notice. In 2021, section 103 II of the open meetings law was amended to require that copies of records be made available to the public at least 24 hours before a public meeting. Why am I reading this? If I were to list everything, every time that there was less than 24 hours in which an agenda was posted on the website. I'd be up here for hours. And I know it's not the fault of the town clerk. Where does the buck stop? When it comes to following Open law meeting and being in compliance? When and where does the buck stop? When houses are built out of compliance, multiple family dwellings in a zone that require single family houses, houses that are built without sewer and water in advance. One of the reasons why the PUD was voted down was because it wasn't in compliance with two of the most specific articles of the PUD law. What is the common thread that I'm bringing out? Tonight? The operative word is public servants. And I agree that there should not be an appointed person to fill the vacancy when a whole campaign is run as an interview process, who is going to represent our interests? And I don't think that having one work session on a PUD is in the interest of the public when you've had hundreds of people here over the last seven months drip by drip three minutes here, four minutes there. I know you were ill at the last you have the flu. I'm sorry to hear that. Right. Looks like you're recovered. But at the last public meeting, I made a very specific request that was put into the public record that any discussion of the PUD should be in a workshop format, or a roundtable format, not sandwiched into a work session. Oh, don't worry, we'll have a public hearing. This is a big deal. A lot of people have spent a lot of time, a lot of energy and a lot of research. And I think that having this PUD separate from reviewing the comprehensive plan, separate from these floating hotels wherever they're floating in the water, on the cloud, I don't know and separate from a guote downtown of a hamlet. When a Sewer District, let's expand it to 5000 people when the whole town of Liberty is 10,000 people you want to put 5000 people in one square mile all of these things aren't should not be segregated and separated out. That's the word. The operative word is a comprehensive plan. Why

do you think people were so upset when they came with signs? Because they didn't have an opportunity to speak openly in a meeting that went and covered all of the possible issues at one time. I think all of these documents should be posted on the website. So I don't know that this January 30 Roundtable, from six to 8pm. At the Government Center, Monticello, it's a water roundtable with the New York State Department of Health and departmental of Environmental Conservation has been specifically set up so that the town boards and the planning boards are in compliance. So that's my final word on this whole situation. There are laws to follow. Please, in 2024 give a thought to being in compliance.

BOARD DISCUSSION

Councilmember Vincent McPhillips-Nothing to report.

Councilmember John Lennon-Meetings in Hamlets open discussion.

Councilmember Dean Farrand-Nothing to report.

Supervisor Frank DeMayo-Just wanted to let Cora know that the board would never stop a public hearing if there were still people that wanted to speak.

WATER & SEWER

We have been busy with the usual winter work. Plowing snow, clearing hydrants, checking hydrants and bleeders, etc. We have also found a few leaks due to frozen and broken pipes.

Need approval to hire 2 people. Names submitted to Supervisor DeMayo.

Need approval to schedule tank cleaning for Ferndale, Rt. 55 and the Stevensville storage tanks at a cost

of \$3,240.00 each. Quotes attached.

Delaware Engineering submitted a bid advertisement and request for bids for the Sherwood Booster Pump. Working on scheduling Roth & Sherwood well cleaning.

Any other items that may arise prior to meeting.

DELAWARE ENGINEERING

NEW BUSINESS

DISCUSSION

- 1. Introduction to Comprehensive Plan Review.
- 2. Peter Manning-Presentation/Worksession PUD Law Review.

Peter Manning gave a presentation regarding Planned Unit Developments:

Planned Unit Developments

Town of Liberty, Town Board Meeting

February 5, 2024

Note: the material herein is illustrative and has been assembled for discussion purposes for the town of Liberty to consider potential improvements to the PUD regulations and associated processes.

Zoning

Regulates the type, location, and intensity of land use

Statutes General City Law §20 Town Law §261 Village Law §7-700-b

Planned Unit Development

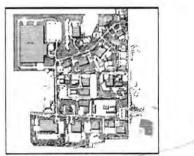

A zoning technique allowing development of a tract of land in a comprehensive unified manner and as a "unit".

• Provides greater flexibility of design by allowing deviations to the development standards

May allow a mix of uses, densities, and building types

 Often established on a case- by-case basis using a "floating zone" process Town Law § 261-c Village Law § 7-703-a General City § Law 81-f

www.ci.auburn.ny.us

Planned Unit Development

Review Criteria - Examples

· Parcel size

Location of access points

· Sewage disposal methods

- Percentage of open space
- Preservation of existing features
 Water supply sources
- Ownership of open space
- Building dimensions

· Width of buffer zones

- Distances between buildings
- · Compatiblity with surrounding land uses
- · Harmony with comprehensive plan

Common Process

1) Planning Board Reviews Site Plan

3) Planning Board Makes Decision

Town of Liberty - Zoning Law

§ 147-23. Planned unit development districts.

A. The purpose of a planned unit development (PUD) district is to foster excellence in neighborhood design and further the goals and objectives of the Town of Liberty Comprehensive Plan. These "floating districts" promote creative site layout and architectural design and secure the advantages of large-scale site planning for residential, commercial or professional office developments, or certain combinations thereof. The flexibility granted to projects in a PUD District comes with a commitment to include features beneficial to the entire community, features not normally required of traditional developments. Achieving such objectives requires indepth scrutiny by both the Town Board and Town Planning Board during the development of the PUD proposal. Therefore, more information is required about the project than would be required if development were being pursued under conventional zoning. The discretion of the Town Board regarding density of use, or even as to whether to approve or deny a PUD application, shall be absolute. This is consistent with the Town Board's inherent power to rezone.

§ 147-23.

B. Large-scale PUD 150 contiguous acres - no max; Requires phasing plan Small-scale 30 - 150 contiguous acres

C "No use shall be established, and no development shall be permitted in the PUD District, unless specifically approved pursuant to the procedures and standards set forth in this section.

The specific uses allowed in the PUD shall be approved by the Planning Board · General categories of allowable uses Commercial

- Offices
- Single-family
- Multifamily
- Age-restricted, assisted living
- Public or private recreational facilities
- Destination resorts

Appropriate ratio of mixed uses that are sustainable for its location, town needs and market considerations - to be specified by the applicant

D. Development density, open space and common recreation facilities.

- Set forth initially by the applicant (determined by PB and TB as part of approval process)
- Max density based upon the degree to which the PUD preserves significant natural features and open space

- Density formula *

E Age-restricted housing bonus

F. Development standards and guidelines

- Unified ownership
- Preservation of natural features
- Preservation of historic resources

- Integrated architectural design "cohesive units of development"

- Internal system of pedestrian circulation
- Streets vehicular circulation plan, safely
- Off Street Parking and Loading
- Utilities
- Lighting
- Ownership and maintenance (of open space)
- Development phasing (optional)
 - fully function independently
 - infrastructure
- ratio of mixed uses - Construction Schedule

 G. Procedure (1) Pre-application conference optional but strongly encouraged applicant/ developer and planning board 	 This could be required. What info did the applicant provide? Planning board should develop a summary of meeting/ project concept. 		
 (2) Sketch plan process. (begins w/ submission of sketch plan applicant/ developer and town board "to discuss the proposed project and to reach an understanding on basic requirements prior to detailed design investment." 	The Town Board may require the applicant to meet with staff or consultants to facilitate the submission of a complete and suitable application. The Town Board should determine that all the required sketch plan contents are included. (facilitated by staff)*		
 Sketch plan contents (required) Conceptual plan Location and area of mixed uses Location of natural and man-made features Proposed layout of structures, roads, utilities, other features "A written narrative or statement of what is proposed and the merits of such proposal. Said statement to be of sufficient detail and scope to provide a well-developed concept of the PUD and must include, at a minimum, the following: (+10 items listed in G.) 	Town board agrees project should proceed or not proceed - this is not an in-depth review and formal approval/ disapproval at this stage; it's more like a "clearance", or a determination that the proposal does "not merit further review because it does not meet the objectives of this chapter". - accompanying statement for the record		

(3) Sketch plan conference.

The Town Board shall schedule a joint Town Board/ Planning Board conference with the applicant within 45 days of the sketch plan submission.

Applicant to make a presentation

"The intent is to provide both the Town Board and the Planning Board with sufficient information on the proposal for each Board to decide whether the proposal has merit as a PUD and whether to allow the applicant to proceed to the next stage of review."

(4) Planning Board action on sketch plan >>

... within 45 days of the *receipt* of a *complete* sketch plan (in accordance with G. (2) of this chapter.)

If the proposal advances and gets approved, the Planning Board will be issuing discretionary approvals for Site Plan Review and Subdivision; the Town Board will be rezoning the property (a legislative act); and other involved agencies will be reviewing the application for permit approvals.

(4) Planning Board action on sketch plan. The Town Board shall provide their opinion to the Planning Board, in writing, within 45 days. ... The Planning Board shall have 62 days from the date of the conference in which to make the preliminary determination as to whether the applicant may move on to next stage of the application process and submit a formal request for a PUD. The Planning Board may provide the applicant with direction regarding the content, design, allowed uses, ratio of mixed uses, project size and scope that the Board deems appropriate for the formal application stage. Although said preliminary determination will not commit the Town Board to any specific course of action on the PUD to be requested, the sketch plan process is intended to advise the applicant as to what may be generally acceptable, or not acceptable to the Board so that the applicant has an understanding of what is expected in the net stage of review. Such preliminary determination should establish issued(s) that must be addressed in PUD design, define acceptable uses, specify the supporting documentation required for submission, and specification of all involved agencies. If it is determined the sketch plan proposal does not have merit for further review as a PUD, the applicant may submit a revised proposal for another sketch plan conference but may not submit a formal PUD application.

(5) Preliminary plan submission

The applicant shall submit 10 copies of the preliminary plan and application to the Planning Board at least four weeks prior to the meeting of the Board at which the application is to be heard. Each preliminary plan shall be drawn by a professional engineer and/or land surveyor licensed to practice in the State of New York and shall bear the signature, seal, license number and telephone number of the said professional engineer and/or land surveyor; provided, however, that all engineering data shall be signed and sealed by a professional engineer and all surveying data shall be signed and sealed by a professional land surveyor. Each submission shall include a preliminary plan drawn at a scale of not less than one inch equals 100 feet and the following additional information: + 22 items (a) through (v)

(u) SEQR, Part I of the New York State Environmental Assessment Form (Long Form), or a draft environmental impact statement. "the results of their review" ?

"... of the conclusion of the sketch plan conference."

"(in cooperation with professional assistance as needed)"

Preparation for a preliminary plan submission

SEQR, Part I of the Full Environmental Assessment Form (FEAF)

This is a submission requirement

 The Lead Agency will undertake Part 2 of the FEAF, which for a PUD, is likely to lead to the preparation of a draft environmental impact statement

A Draft Environmental Impact Statement

"An EIS provides a means for agencies, project sponsors and the public to systematically consider significant adverse environmental impacts, alternatives and mitigation."

What constitutes a complete application? When is an application complete?

When all the submission requirements listed in the town's regulations are received or waived in accordance with these regulations

§ 147-23 (6)

Action by the Town of Liberty on the preliminary plan. The Planning Board shall review the application for the preliminary plan for the purpose of determining, within 62 days of its submission, whether said application is complete.

 (a) - (e) cover the details but should also include SEQR language Meeting the requirements of SEQR (State Environmental Quality Review)

SEQR Regulations NYCRR 617.3. (c) GENERAL RULES

An application for agency funding or approval of a Type I or Unlisted action will not be complete until:

(1) a negative declaration has been issued; or
(2) until a draft EIS has been accepted by the lead agency as satisfactory with respect to scope, content and adequacy. When the draft EIS is accepted the SEQR process will run concurrently with other procedures relating to the review and approval of the action, if reasonable time is provided for preparation, review and public hearings with respect to the draft EIS.

Application Completeness

- (6) Action by the Town of Liberty on the preliminary plan. The Planning Board shall review the application for the preliminary plan for the purpose of determining, within 62 days of its submission, whether said application is complete.
 - (a) If said application is found to contain all of the information required, the Planning Board shall certify said application is complete and direct the application to the Town of Liberty Town Board with recommendations to approve, disapprove or conditionally approve the proposed PUD District. Prior to directing the application to the Town Board, the Planning Board, if it is lead agency under the SEQR review shall determine completeness of the application for SEQR purposes. Pursuant to NYCRR Part 617.3 (c) an application is not complete until a negative declaration has been issued, or until a draft EIS has been accepted by the lead agency as satisfactory with respect to scope, content and adequacy. If the Town Board is lead agency it shall determine completeness for SEQR purposes.

The preparation and completion of a DEIS (Draft Environmental Impact Statement) are critical to the PUD review process

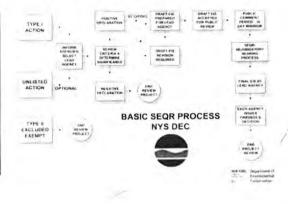

* Note, the SEQR process has been integrated within the state subdivision statutes (Town Law §276)

Part 2 is to be completed by the lead agency.

Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action.

Determining Significance The Most Critical Lead Agency Decision EAF Plus Application Pos Dec Part (9) Neg Dec Part 2 FEAF has 18 categories of potential impacts and 124 total questions

The completion of Part 2 will inform the scope of an DEIS (Draft Environmental Impact Statement) (if it's not a Neg Dec).

3. Appointment to vacant Council seat.

OLD BUSINESS

UNDER REVIEW

- 1. Drilled wells with a yield of less than 5 GPM.
- 2. Training & Recommendations policy- Planning & Zoning
- 3. Shipping Containers
- 4. Fence In/Fence Out
- 5. AIRBNB
- 6. Solar
- 7. County Water / Sewer Study.

IN PROGRESS

- 1. Converting and moving the Building Department and the Assessor's Office to the Park & Recreation Building.
- 2. Fines
- 3. Empty Lot in Parksville
- 4. Illegal dumping of garbage
- 5. Delaware Town/Village Water Sewer Study
- 6. Lead Service Line Inventory
- 7. Walnut Mt. Pavillion.

PUBLIC PARTICIPATION

Several concerned citizens spoke regarding the need to take the Comprehensive Plan update slowly. It was also brought up that we need to work on our infrastructure and know that our aquifers have enough water. Also, it was discussed that citizens like the open space and rural nature of our communities.

BOARD DISCUSSION

Councilperson Vincent McPhillips- Nothing to report. Councilperson Dean Farrand-Nothing to report John Lennon-He will have the info for the Park & Rec shed for the next meeting. Speaking with an arborist to clean-up the Park. Supervisor Frank DeMayo-Police Chief Steven D'Agata asked if the Town would be interested in putting a Naloxone Box in at Town Hall.

APPROVAL TO INSTALL A NAXOLONE BOX IN TOWN HALL

The Town Board does hereby give its approval to install a Naxolone Box in Town Hall.Motion:Supervisor Frank DeMayoSeconded:Councilmember John Lennon4 AYESCarried

EXECUTIVE SESSION

Re: Town of Liberty, NY White Sulphur Springs Water System Improvements Phase 10 TL1-G-2022 – General Contract

Subj: Payment Application No. 4

Dear Cheryl:

Enclosed is the signed copy of Payment Application No. 4 from the General Contractor – Tweedie Construction Services, Inc. – with an attachment of the following:

- Contractor's Application for Payment No. 4
- Subcontractor's Certified Payroll
- Delaware Engineering Reference Sheets

We have reviewed the attached Payment Application No. 4 from Tweedie Construction Services, Inc., the contractor for the subject project, for the period ending January 25, 2024, in the amount of \$35,570.50 for work associated with Change Order No. 1, road restoration, well screen installation, well disinfection and testing, and retainage. The total cost to date for the project, including this payment request, is \$384,477.00, which equates to 95% of the General Contract price for the project. Following this payment, the balance to finish for the project will be \$18,892.00. It is anticipated that there will be one more payment application following this one.

We agree with the level of work completed to date and the costs presented therein. Therefore, we recommend that the Town resolve to provide payment to the contractor in the amount requested, pending release of funds by NYS OCR.

If you have any questions or comments, please contact me at our Oneonta Office.

Respectfully,

DELAWARE ENGINEERING, D.P.C.

HI-

Joseph Gollin

Pro-Housing Communities Model Resolution

Any city, town, or village government in New York State can take part in addressing the housing crisis by adopting the Pro-Housing Communities pledge. The resolution must be adopted as written below by the highest body of elected officials (e.g., town board or council). The final resolution document must include a signature from the municipal clerk verifying the authenticity of the resolution and indicating the date of passage. Local governments should then designate a primary contact person to complete the online registration form and upload the resolution as part of their submission to the Pro-Housing Communities program by following the steps at [new HCR website section].

RESOLUTION No: [INSERT RESOLUTION NUMBER]

[Member of highest body of elected officials] _____ moved and [other member of highest body of elected officials] _____ seconded that

WHEREAS, the City/Town/Village of $\underline{L_i bert \gamma}$ (hereinafter "local government") believes that the lack of housing for New York residents of all ages and income levels negatively impacts the future of New York State's economic growth and community well-being;

WHEREAS, the housing crisis has negative effects at regional and local levels, we believe that every community must do their part to contribute to housing growth and benefit from the positive impacts a healthy housing market brings to communities;

WHEREAS, we believe that supporting housing production of all kinds in our community will bring multiple benefits, including increasing housing access and choices for current and future residents, providing integrated accessible housing options that meet the needs of people with sensory and mobility disabilities, bringing economic opportunities and vitality to our communities, and allowing workers at all levels to improve their quality of life through living closer to their employment opportunities;

WHEREAS, we believe that evidence showing that infill development that reduces sprawl and supports walkable communities has significant environmental and public health benefits; and

WHEREAS, we believe that affirmatively furthering fair housing and reducing segregation is not only required by law, but is essential for keeping our community strong and vibrant;

NOW, THEREFORE, IT IS HEREBY RESOLVED that City/Town/Village of-

Liberty, in order to take positive steps to alleviate the housing crisis, adopts the Pro-Housing Communities pledge, which will have us endeavor to take the following important steps:

- 1. Streamlining permitting for multifamily housing, affordable housing, accessible housing, accessory dwelling units, and supportive housing.
- 2. Adopting policies that affirmatively further fair housing.
- 3. Incorporating regional housing needs into planning decisions.

- 4. Increasing development capacity for residential uses.
- Enacting policies that encourage a broad range of housing development, including multifamily housing, affordable housing, accessible housing, accessory dwelling units, and supportive housing.

Pro-Housing Community Program prohousing@hcr.ny.gov

RE: Certified Pro Housing Community Designation Town of Liberty

To Whom it may Concern:

Please consider this a letter of intent for the Town of Liberty to be considered a Pro-Housing Community.

The Town has recently seen a significant influx in new development and encourages well planned mixed housing alternatives in an effort to grow our communities into viable, comfortable living locations which will afford residents good jobs and local amenities as the Town moves forward.

The Village of Liberty, as part of the Towns overall planning, is currently moving forward with a local law to allow for apartments above the first floor in the downtown Main Street area to accommodate the local workforce. This is part of a larger Townwide vision to assist with the housing crisis, specifically targeting transitional housing which we believe will help satisfy the much needed labor force necessary for expanded commercial and service related growth.

Thank you for your consideration and we look forward to receiving the templates to complete the application process.

Sincerely yours, Mays Frank DeMay

Town of Liberty - Supervisor

Memorandum of Understanding

With Cornell Cooperative Extension Sullivan County Creating Healthy Schools and Communities and Town of Liberty

Purpose of Memorandum of Understanding:

The purpose of this memorandum of understanding (MOU) between Cornell Cooperative Extension Sullivan County (CCESC) Creating Healthy Schools and Communities (CHSC), funded through the New York State Department of Health (NYSDOH) and the Town of Liberty is to establish a relationship related to Food Service Guidelines (FSG) and/or Physical Activity Access (PAA).

Whereas,

The goal of Creating Healthy Schools and Communities is to implement food service guidelines and/or access to physical activity that meets the unique needs of our community while increasing opportunities for individuals of all ages and abilities.

As part of the support provided by CHSC an assessment will be completed with partnering agency, resulting in a collaboration plan to increase access for physical activity and/or healthy food guidelines that will assist in implementing a system approach that support living lives healthier while reducing health disparities that address chronic disease risk factors of poor nutrition and physical inactivity.

Partnering Agency Responsibilities:

- Provide necessary information for data collection/reporting purposes
- · Participate in activities related to assessment
- Participate in the development and implementation related to Food Service Guidelines and/or Physical Activity Access
- Collaboratively develop and implement project selections
- If policy is considered, partnering agency will participate in the development and adoption of such policy

CCESC - CHSC will:

- Provide recognition through local and NYSDOH Creating Healthy Schools and Communities promotion and outreach using media such as radio, newspapers, etc.
- Collaborate with partnering agency to assess and plan food service guidelines and access to physical activity at identified sites

Your Trusted Resource of Choice.

Diversity and Inclusion are a part of Cornell University's heritage. We are a recognized employer and educator valuing AA/EEO, Protected Veterans, and Individuals with Disabilities.

 Provide training, technical assistance and tools to develop and implement projects at identified sites

Understanding for Termination:

By signing this Memorandum of Understanding, partnering agency is agreeing to collaborate with CCESC's Creating Healthy Schools and Communities Program by developing equitable and sustainable access to physical activity and nutrition programs to individuals of all ages and disAbilities. The term of this Memorandum of Understanding is from our first verbal agreement of participation, continuing through the date this document is signed until completion of Creating Healthy Schools and Communities Program, or until termination in writing by either or both parties. If the partnering agency no longer wishes to participate or is unable to follow the Memorandum of Understanding, CCESC should be contacted immediately.

This Memorandum of Understanding is a non-funded agreement and is neither a fiscal nor funds obligation document. CCESC reserves the right to remove all incentives, program benefits and terminate the Memorandum of Understanding and collaboration with partnering agency if the organization is unwilling to continue collaborative efforts.

Check this box if partnering agency does not wish to have name and images advertised through media as a participant of this program. Checking this box does not eliminate the opportunity to participate in the Creating Healthy Schools and Communities Program through Cornell Cooperative Extension Sullivan County.
